

MOTOR YACHT PIPE DREAMS

Cayman Island Registry 736888

ITC Tonnage: 461 LOA: 47M IMO: 8979726

To whom it may concern;

August 8th, 2018

It is my pleasure to compose this positive letter of reference for Carenantilles Shipyard. On board the yacht PIPE DREAMS, we experienced a shaft seal failure which required an emergency haul-out. Carenantilles would be the closest and only shipyard that could accommodate. Having never visited the facility, the staff at the shipyard quickly contacted our previous yard and received the information they needed to expedite the haul-out.

My fears as a captain hauling quickly in an unfamiliar, rushed environment were quickly diminished. The yard staff was well versed in the procedures and handled everything professionally. Not only did they facilitate the project in quick time, they were also a reliable concierge to fulfill our needs for hotel accommodations, transportation, electrical contractors and supplies.

Carenantilles will be a yard I would highly recommend and certainly would not hesitate to utilize in the future. Their staff was knowledgeable, courteous, on-time and reliable. The facility was very clean and very accessible via water and by land. There was no arguing about charges and before any work was started, they laid out in detail the job description. Given a severe emergency in short time, Carenantilles certainly completed the task successfully and ahead of schedule.

Thank you again....

Best Regards,

Captain Jared Burzler USMMD 2299306
